The Provost and The Undergraduate Admissions Office invite faculty and staff to

September 2, 2010
Wine and Cheese Reception 4:00-4:30 p.m.
Program 4:30-5:15 p.m.

Daniel Kim-Shapiro (Professor of Physics and Harbert Family Distinguished Chair for Excellence in Teaching and Scholarship) will describe his research on how nitric oxide (an important signaling molecule) plays a role in normal physiological function, how its dysfunction contributes to pathology, and how restoration of its normal function is the basis of new therapeutic interventions.

Melissa Rogers (Director, Center for Religion and Public Affairs) will discuss her work as chair of President Obama’s Advisory Council on Faith-Based and Neighborhood Partnerships and its potential implications for the Wake Forest University community.

Catherine Ross (Managing Director, Teaching and Learning Center) will give an overview of the Teaching and Learning Center’s role in faculty support at Wake Forest and will offer her vision for the future of the TLC.
